

# Mid-Region Council of Governments of New Mexico

## NEWS RELEASE

Date: August 20, 2003

### 2002 TRAFFIC FLOW MAPS RELEASED FOR URBAN AREA

The Mid-Region Council of Governments (MRCOG) is pleased to announce the publication of the **2002 Traffic Flow Maps for the Greater Albuquerque Area**. These maps show the traffic volumes (average weekday traffic data) of all major roads in the Albuquerque area. Traffic Flow Maps are produced each year as a product of MRCOG's ongoing traffic counting program.

MRCOG is a voluntary association of counties, municipalities, and other local governments and organizations in central New Mexico. MRCOG collects and distributes data such as the Traffic Flow Map to assist local officials in making informed decisions about regional transportation issues.

Copies of the **Traffic Flow Map for the Greater Albuquerque Area** are available in 11x17 size and may be obtained at MRCOG's offices at 317 Commercial NE, Suite 104, Albuquerque NM. Single copies of the map are free of charge, with each additional map costing \$0.50. A PDF version of the map will be available on our internet site [www.mrcog-nm.gov](http://www.mrcog-nm.gov).
